

The Director of Central Intelligence
Washington, D.C. 20505

77-7129/A

23 September 1977

PA 6 SEP

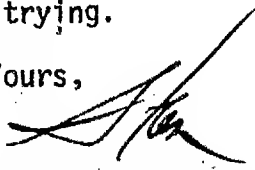

Dear Karl:

Thank you for your letter of 6 September. I very much appreciate your invitation to address your fall meeting in Phoenix in November. Unfortunately, due to an already overflowing schedule I am again forced to regret.

I would, however, ask to be reconsidered for your spring meeting in Williamsburg. I will do my best to hold those dates, but obviously events could take over again and force another deferral.

In any case, let's keep trying.

Yours,

STANSFIELD TURNER

Mr. Karl G. Harr, Jr.
Aerospace Industries Association

OFFICE OF THE PRESIDENT

September 6, 1977

Admiral Stansfield Turner
Director of Central Intelligence
Central Intelligence Agency
Washington, D. C. 20505

Dear Stan:

You will recall my letter of last March 31 in which I invited you to address AIA's annual spring conference in Williamsburg, Virginia in mid-May. Unfortunately you were unable to accept our invitation.

I would now like to invite you to address our fall meeting which will be held in Phoenix, Arizona on November 17-19, 1977. We can make available almost any hour that would be convenient for you during those three days.

As I said in my March 31 letter, we believe this conference can provide you a unique opportunity to acquaint the chief executives of the aerospace industry with the Carter Administration's outlook on key international issues. This subject, especially foreign policy as it relates to defense activities of our and other nations, is especially significant to the leaders of the firms which set the pace for weapons technology development. The attendees at the meeting will be the chief executive officers of the 47 companies who are at a forefront of weapon, space, and related high technology.

A list of the individuals who attended our spring meeting is attached to give you a feel for the type of audience you could expect in Phoenix.

In past years this Association has been honored by appearances at its annual spring conference by individuals such as one of your predecessors, Alan Dulles, numerous Cabinet officers, and two Vice Presidents of the United States. We hope that it will be possible for you to break away from your busy tasks to join us in Phoenix. Should that not be possible, I can assure you that we will ask you again for our spring meeting in Williamsburg, Virginia, to be held May 24-26, 1978.

I look forward hearing from you.

Yours very truly,

Karl G. Harr, Jr.

A T T E N D A N C E

Governors Present:

T. A. Wilson, Chairman & Chief Executive Officer, The Boeing Company
Guy C. Shafer, Group Vice President, Colt Industries Inc., Chandler Evans Inc.
Harry H. Wetzel, President & Chairman of the Board, The Garrett Corporation

David S. Lewis, Chairman & Chief Executive Officer, General Dynamics Corporation
Gerhard Neumann, Vice President & Group Executive, Aircraft Engine Group, General
Electric Company
E. D. Crittenden, Jr., General Manager, Hercules Incorporated, Industrial Systems
Department

John W. Anderson, Corporate Vice President, Honeywell, Inc.

Public Affs.

Dear Karl,

Thank you for your letter of March 31 and for your kind comments concerning my new responsibilities. It is gratifying to know we have the interest and support of people in influential positions such as yourself.

I am well aware of the very important contribution the members of the Aerospace Industries Association of America make to the national defense and security of the United States. The representatives of the industry you expect at your annual spring conference is indeed a Who's Who of the aerospace industry. I very much wish I could be with you in Williamsburg but unfortunately I am completely scheduled during that period of May and just can't take on any additional commitments. I very much appreciate your thinking of me and regret that I am forced to decline.

Very best personal wishes to you and the AIA for a pleasant and productive conference.

Yours,

/s/ Stansfield Turner

AEROSPACE INDUSTRIES ASSOCIATION OF AMERICA, INC.

March 31, 1977

OFFICE OF THE PRESIDENT

Admiral Stansfield Turner
Director of Central Intelligence
Central Intelligence Agency
Washington, D.C. 20505

Dear Stan:

Those of us who have known you over the years and have watched your career evolve are especially pleased and proud that the President selected you to carry the heavy responsibilities you now bear. As an old friend and former Intelligence type, I have no doubt about the superb leadership our Intelligence Community now has.

In past years this Association has been honored by appearances at its annual spring conference by individuals such as one of your predecessors, Alan Dulles, numerous Cabinet officers, and two Vice Presidents of the United States. Our spring meeting, as you can deduce, is intended to provide a platform for dialogue between the senior executives of one of the most vital segments of American industry and representatives of the government.

We believe this conference can provide you with a unique opportunity to acquaint the aerospace industry's chief executives with the Carter Administration's outlook on key international issues. Obviously, the aerospace industry and the government play vital, mutually supportive roles in the maintenance of our nation's military and economic strength. Thus, we feel that we can function best in the national interest with open and frank discussion of the government's hopes and plans for the future. All such discussions, of course, are entirely off the record and in the thirty years we have held this conference we have never been embarrassed in this regard.

It is in that sense that I invite you to address our conference's opening session at 6 p.m., Wednesday, May 18. The conference is held at the Conference Center in Williamsburg, Virginia, a location which could allow you to be "down and back" in a few hours.

Stan, I sincerely believe that the national interest would be well served by your discussions with this group of men who play such an important supportive role to the government in the maintenance of our national security. I also think you would enjoy it and I know we would.

Adm. Stansfield Turner

-2-

March 31, 1977

I hope very much that you will be able to join us on the evening of May 18 and look forward to your favorable reply.

A list of the expected industry attendees is attached.

Again, my congratulations on your appointment.

Yours very truly,

A handwritten signature in cursive script, appearing to read "Karl".

Karl G. Harr, Jr.
